Vehicle Security
Anti-Theft System

Help your customers close the door to vehicle theft by offering them a unique anti-theft deterrent system. The vehicle is permanently marked with traceable identification codes, making it less desirable to professional thieves and reducing auto theft. Best of all, protection is available within the United States or Canada.

Advantages for Your Customers
• Makes car safe from professional thieves
• Protects customer’s financial interest when vehicle is secured against theft
• Provides payment benefit if vehicle is stolen or recovered but declared a total loss

Advantages for You
• Builds customer satisfaction
• Generates repeat business
• Boosts vehicle sales
• Increases F&I department revenue

In the U.S. alone, a motor vehicle is stolen every 45 seconds.* Arm your customers with a theft-deterrent system that protects their valuable investment. See reverse for plan highlights.
